

ESI Chiclana School's Spanish Immersion Camps have been designed for international students who want to improve their Spanish skills in a friendly and fun environment. Our native Spanish, qualified teaching staff are all dedicated professionals with great experience in teaching Spanish as a foreign language.

We endeavour to completely immerse students in the Spanish language, providing 4 hours a day classroom study plus many opportunities outside of the classroom to socialise and take part in activities, gaining confidence and fluency as they interact with other speakers.

Our goal for each student, regardless of their starting ability, is to leave the Camp more confident and fluent in their spoken and written English and with a clear understanding of how to continue this learning at home.

Chiclana is ideally located on the west coast of the province of Cadiz, known as *Costa de la Luz*, making of Chiclana an idyllic place to learn Spanish. Language classes are an important part of the language course but travelling in order to learn about

our culture is also essential so you will be glad to know that its close proximity to other major cities such as Cadiz, Seville and Malaga will give you the chance to take day trips and further travelling easy!

Chiclana is known in Spain for its beaches, its gastronomy, its history and culture, for example bullfighting and flamenco (flamenco was declared by UNESCO as intangible heritage of humanity). Chiclana offers an excellent combination of factors for language learners. Here you can enjoy over 300 days per year of **sunshine**, fabulous white **sandy beaches**,

plenty of lively bars and restaurants where to enjoy the typical dishes of **our fantastic gastronomy as well as excellent wines**. Chiclana is a very popular destination for Spanish tourism, with fantastic hotels, spas and holiday resorts. Also, it is little affected by the influx of English speaking tourism, meaning that Chiclana is a great place to learn Spanish without having too much contact with English language which will force the students to talk in Spanish in their daily lives and that will influence favourably on their learning experience. Besides, we should take into consideration the open-minded nature of the local people who just love to chat with the visitors in Spanish any time.

All in all, not only is **Chiclana** a lovely town, but also it is a great place to **learn Spanish** and do a **Spanish Language course** experiencing authentic Spanish culture.
